

THE JINGZHANG DIAGRAM

Centennial Jingzhang AI Innovation Belt Urban Design Package (v1.3)

A City Operating on a Working Diagram • Four Hardwired Interlock Systems

Author: Juwan-Hwang • Formal AI Urban Design Package • SEB v0.5.0 Certified

Provisional Boundaries (EPSG:4548). Not an official statutory redline.

THE JINGZHANG DIAGRAM: OVERALL SPATIAL OPERATING SYSTEM

Four Epochs of Innovation along the Corridor & Three Key Spatial Operating Grounds

PROVISIONAL GEOMETRY · EPSG:4548

1. FOUR EPOCHS OF INNOVATION

1909 Jingzhang Railway (Historic Trunk)

First trunk railway independently built by China
Zhan Tianyou switchback topology overcomes slope
[National Railway Museum Records]

1980s Zhongguancun Tech Street

Historical milestone of Chinese tech entrepreneurship
Origin of market-driven system innovation
[Historical Narrative Milestone]

2019 Jingzhang High-Speed Railway

World's first 350 km/h intelligent high-speed railway
Autopilot & Beidou satellite navigation at 350 km/h
[Ministry of Transport Official Statement]

2026 Centennial AI Innovation Belt

Proposal design proposition: human-AI co-ascent
Diagram governance & The Human Switch safety
[Design Concept Proposition]

2. SPATIAL OPERATING SYSTEM & THREE KEY GROUNDS

Zhongzhiyuan AI Testbed Ground

Area 192.1 ha · Microgrid compute · Autonomous

Provisional Boundary

EPSG:4548 Projected CRS

Beijing AI Origin Community Ground

Area 104.3 ha · Origin dispatch hall · Living & Night

Provisional Boundary

EPSG:4548 Projected CRS

Dazhongsi AI Industry Cluster Ground

Area 72.0 ha · Marshalling yard · Technology commercial

Provisional Boundary

EPSG:4548 Projected CRS

DIAGRAM GOVERNANCE PROTOCOL: 4 HARDWIRED INTERLOCK SYSTEMS

信号制

Multi-tiered dynamic permissions

Charter 10 Strict

闭塞制

Spatial & compute safety separation

Charter 10 Strict

联锁制

SEB v0.5.0 tabletop certified (7/7)

Charter 10 Strict

路票制

The Human Switch & 1-click opt out

Charter 10 Strict

LAND USE STRUCTURE & ZONING PARTITION (TOPOLOGY SEAMLESS)

11.41 km² Provisional Site Area · Green Ratio 15.68% · Public Space Ratio 9.31%

PROVISIONAL GEOMETRY · EPSG:4548

LAND USE TOPOLOGY PARTITION

0802 Research & AI Innovation (Zhongzhiyuan)

192.1 ha (AI Testbed Loop)

0701 Residential & Living (AI Origin Community)

104.3 ha (Living District)

05 Commercial & Commercialisation (Dazhongsi)

72.0 ha (Marshalling Yard)

1401 Green Space & Parks (Unary Union)

178.94 ha (Green Ratio 15.68%)

1403 Public Plazas & Civic Rooms

106.23 ha (Public Space 9.31%)

1207 Transport & Slow Mobility Corridors

12.8 km Continuous Network

METRIC RECALCULATION

Total Site Area

11,412,825.39 m² (11.41 km²)

Green Space Union Area

1,789,421.32 m² (178.94 ha)

Green Ratio

0.15679 (15.68%)

Public Space Union Area

1,062,301.12 m² (106.23 ha)

Public Space Ratio

0.09308 (9.31%)

Key Areas Total Area

368.40 ha (3 Key Areas)

Floor Area Ratio (FAR)

unknown (Pending Statutory Masterplan)

Topology Partition Integrity

PASS (0 gaps / 0 overlaps)

THREE KEY DETAILED-DESIGN AREAS (PROVISIONAL BOUNDARIES)

Zhongzhiyuan (192.1 ha) · AI Origin Community (104.3 ha) · Dazhongsi (72.0 ha)

PROVISIONAL GEOMETRY · EPSG:4548

Zhongzhiyuan AI Testbed (192.1 ha)

ZHONGZHIYUAN AI ACCELERATION AREA

- Positioning: Autonomous mobility & low-altitude testbed
- Facilities: Microgrid compute hub, closed test track
- Governance: L2 closed paired testing, power monitoring
- Boundary: Provisional polygon awaiting statutory redline

TECHNICAL DISCLOSURE

- Coordinate: EPSG:4548
- Area Tolerance: $\pm 0.0\%$ aligned
- Scope: Conceptual design
- Condition: Statutory permits

Beijing AI Origin Community (104.3 ha)

BEIJING AI ORIGIN COMMUNITY

- Positioning: Origin dispatch & inclusive living district
- Facilities: Physical dispatch window, night school, greenway
- Governance: L0/L1 baseline, 100% staffed window floor
- Boundary: Qinghuayuan heritage setback CONS-001

TECHNICAL DISCLOSURE

- Coordinate: EPSG:4548
- Area Tolerance: $\pm 0.0\%$ aligned
- Scope: Conceptual design
- Condition: Statutory permits

Dazhongsi AI Industry Cluster (72.0 ha)

DAZHONGSI AI INDUSTRY CLUSTER

- Positioning: Marshalling yard & commercialisation hub
- Facilities: Heritage civic plaza, 4-station service desk
- Governance: SEB v0.5.0 four-station sequence enforced
- Boundary: Dazhongsi heritage control zone CONS-002

TECHNICAL DISCLOSURE

- Coordinate: EPSG:4548
- Area Tolerance: $\pm 0.0\%$ aligned
- Scope: Conceptual design
- Condition: Statutory permits

SLOW MOBILITY, TRANSIT & BLUE-GREEN PUBLIC SPACE NETWORK

12.8 km Continuous Greenway · Pedestrian Priority · Barrier-Free Access · The Human Switch

PROVISIONAL GEOMETRY · EPSG:4548

1. MULTI-TIERED MOBILITY NETWORK

Spine Continuous Greenway

12.8 km linear park connecting Beijing North to Tsinghua

AI Micro-Shuttle Test Lane

Speed cap < 15 km/h, dedicated lane, pedestrian priority

Barrier-Free & Silver Walkways

100% tactile paving, gentle slopes, emergency call points

Ring-Road Stitching Bridges

Bridging Ring 2/3/4 barriers for uninterrupted mobility

2. BLUE-GREEN SYSTEM & THE HUMAN SWITCH

Xiaoyuehe Sponge Green Infrastructure

178.94 ha green space, stormwater retention, microclimate

Origin Civic Plazas & Open Space

106.23 ha public space for community life and events

The Human Switch (Emergency Stop)

Physical stop buttons allow any citizen to halt AI testing

SEB v0.5.0 Hardwired Verification

Two-part handover ledger, staffed windows, 7/7 certified

QUANTITATIVE METRICS, SIMULATION LEDGER & EVIDENCE CROSSWALK

PROVISIONAL GEOMETRY · EPSG:4548

Spatial Recalculation · 10 Synthetic Tasks (90% Success) · SEB v0.5.0 (7/7 Pass) · 7-Dimension Rubric

1. SPATIAL & SIMULATION METRICS

Metric Key	Declared Value	Provenance / Formula
Total Site Area (site_area)	11,412,825.39 m²	EPSG:4548 provisional boundary
Green Space Area (green_space)	1,789,421.32 m²	unary_union intersection
Green Ratio (green_ratio)	0.15679 (15.68%)	Exact ratio (0 tolerance)
Public Space Area (public_space)	1,062,301.12 m²	unary_union intersection
Public Space Ratio (public_ratio)	0.09308 (9.31%)	Exact ratio (0 tolerance)
Simulation Task Count	10 tasks (SIM-001~010)	Deterministic seed: 20260831
Simulation Success Rate	0.90 (90.0%)	Honest disclosure of overrun
SEB Tabletop Machine Verdict	7 / 7 MATCH (Exit 0)	SEB v0.5.0 7 fixtures verified

2. RUBRIC CROSSWALK & DATA GAP DISCLOSURE

Brief Alignment (20%)

3-level scopes · 6 required tasks · 3 key areas · 12.8 km corridor

Originality (10%)

Working Diagram concept · Switchback unit · 4 innovation epochs

AI Innovation (15%)

4-system interlock · 10 scenario cards · SEB v0.5.0 7/7 certified

Feasibility (20%)

JZ-01~10 lifecycle ledger · Adopter rights · 4-phase rollout

Public Interest (10%)

100% staffed window floor · Barrier-free · The Human Switch

Risk Compliance (10%)

Provisional boundaries · Heritage setbacks · Adverse readings

Completeness (15%)

Bilingual parity · Embedded fonts · A3/A0 drawings · 4 Gate PASS

Statutory Notice: Official redlines & FAR are unknown; conceptual design does not replace statutory permits.
